Re: Commission's Inquiry into Potential Impacts to the Current Utility Model Resulting from Innovation and Technological Developments in Generation and Delivery of Energy Docket No. E-00000J-13-0375 (pertaining to closed Docket No. E-00000W-13-0135, Commission's Inquiry into Retail Electric Competition)

To Whom It May Concern:

In the third paragraph of his December 6, 2013 letter to his fellow Commissioners and Interested Stakeholders, which was docketed in Docket No. E-00000J-13-0375 on December 6, 2013, Commissioner Robert L. Burns requested that the electric utilities therein enumerated and "other stakeholders" answer three (3) questions therein below set forth to the extent applicable to each. This letter is submitted on behalf of Noble Americas Energy Solutions LLC ("Noble Solutions") in response to the aforesaid questions.

Answer to Question No. 1: In Docket No. E-00000W-13-0135, Noble Solutions participated as a member of the Retail Competition Advocates group. Noble Solutions is also a member of Arizonans for Electric Choice and Competition ("AECC"). Information pertaining to Noble Solutions' lobbying expenditures in connection with its participation in the aforesaid generic docket on retail electric competition is included in information that AECC will be submitting in Docket No. E-00000J-13-0375 in response to Commissioner Robert L. Burns' December 6, 2013 request.

Answer to Question No. 2: No members of Noble Solutions' salaried staff spent any time on a public relations campaign in support of its position in the generic proceeding on retail electric competition.

Answer to Question No. 3: Noble Solutions is not a regulated utility or a regulated public service corporation within the meaning of those terms under Arizona law at this time, and thus question No. 3 is not applicable.

Thank you for your assistance in docketing this letter.

Sincerely,
